Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Mechanical Engineer with 13+ years of experience in maintenance, construction, commissioning, and startup of oil and gas facilities, including sour gas plants, refineries, and separation/boosting stations. Skilled in preventive and corrective maintenance of static and rotating equipment, especially gas turbines (GE, Solar, Siemens), centrifugal and reciprocating compressors (MAN, Dresser-Rand, Elliott, Atlas Copco), and various types of pumps (API, Multistage, Centrifugal, Positive Displacement, Gear, Screw). Experienced in monitoring equipment performance, root cause analysis, setting operational parameters, and improving reliability. Strong background in Startup, Pre-Commissioning, and Commissioning, troubleshooting complex operational issues, and restoring equipment after unplanned shutdowns. Committed to HSSE protocols (PTW, JSA, LOTO, safety audits), with a proven safety-first approach. Organized, proactive, and self-motivated, with demonstrated ability to lead, coach, and mentor technical teams while ensuring adherence to international standards and continuous improvement.

Mechanical Supervisor / Senior Mechanical Technician with EPC construction & commissioning experience in Oil & Gas projects across Algeria and Libya. Strong in maintenance, field operations, and HSE Levels 1–4.
