Industry	Drilling / Rig
Sub Industry	
Nationality	Malaysia
Primary Language	English,
Secondary Language	
Total Years of Experience	1

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Worked in demanding, shift-based environments requiring a strong safety mindset, discipline, and strict adherence to procedures. Regularly completed 9-hour shifts with consistent overtime, frequently extending to 12-hour workdays, while maintaining alertness, situational awareness, and safe working practices under pressure. Supported large operational teams, interacting with 20+ personnel per shift and up to 100+ across rotations, while respecting the chain of command and following established escalation protocols. Operated in high-impact, safety-critical environments where errors, delays, or miscommunication could result in operational risk. Responsibilities required accurate execution, clear communication, and timely escalation of issues to maintain safe and efficient operations. Demonstrated the ability to stop, reassess, and escalate when tasks could not be completed safely. Experienced in environments with zero tolerance for shortcuts, where compliance with procedures, permits, and documentation was mandatory. Accustomed to participating in safety briefings, following work instructions, and maintaining housekeeping and hazard awareness throughout the workday. Proven to be reliable and safety-conscious when coordinating with multiple parties, taking instructions clearly, and completing assigned tasks fully before handover. Physically and mentally prepared for offshore work, with a strong understanding of fatigue management, teamwork, and safety-first behaviour in industrial settings.
