Personal Information

Candidate id	6810
Name	Roman
Date of Birth	1972-02-21
Salary (in USD)	500/Per Day
Industry	Maritime
Sub Industry	ETO
Nationality	Lithuania
Primary Language	English,
Secondary Language	English,
Total Years of Experience	21

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

A Senior Dynamic Positioning Operator (SDPO) on a drillship is a critical leadership role responsible for maintaining precise vessel positioning using advanced Dynamic Positioning (DP) systems during drilling operations, well interventions, and other demanding offshore activities. This includes operating DP equipment in automatic and manual modes, including joysticks, while supervising junior DPOs and ensuring seamless team coordination on the bridge. Acting as Officer of the Watch (OOW), the SDPO oversees navigational safety, stands transit watches, and monitors radar, ECDIS, and AIS for collision avoidance per COLREGS. Key responsibilities encompass continuous monitoring of vessel stability, ballast systems, power management, and thruster performance; conducting DP capability analyses tailored to specific well programs and environmental conditions; and performing Failure Modes and Effects Analysis (FMEA) checks to mitigate risks. The role extends to safety and compliance: maintaining Life Saving Appliances (LSA) and Fire Fighting (FF) equipment in line with the Barge Master's directives and SOLAS standards; serving as Permit To Work (PTW) controller to register, issue, and close all hot work, confined space, and lifting permits; coordinating with the drill floor, OIM, and engine team via clear VHF/UHF communications; updating bridge and DP logbooks meticulously; and participating in emergency drills, toolbox talks, and risk assessments per IMCA guidelines. Additionally, the SDPO supports crane lifts, helicopter ops, and supply transfers, reports anomalies to the Master promptly, and contributes to ISM/ISPS audits for operational excellence.

All STCW/Offshore certs required for Master's Ticket and Senior DPO position.

Education Summary

Course	University	Passing Year	Country
Professional College	Lithuanian Maritime Academy	1995	Lithuania
Bachelor in Marine Transportation	Lithuanian Maritime Academy	2009	Latvia

Career Summary

Position	Employer	Country	From	To
Deckhand to Chief Mate	Various	Lithuania	11/1991	04/2005
2nd Mate DPO	Tidewater	Cameroon	05/2005	09/2006
2nd Mate DPO	Technip	United Kingdom	10/2006	03/2009
Chief Mate SDPO	Technip	United Kingdom	04/2009	08/2010
DPO	Stena Drilling	Nigeria	09/2010	11/2010
Senior DPO	Stena Drilling	United Kingdom	12/2010	07/2025
