## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Responsible for overseeing end-to-end warehouse and inventory operations to ensure accuracy, efficiency, and compliance with company standards. Manage receiving, inspection, storage, and issuance of materials in line with approved procedures and documentation. Maintain accurate inventory records through regular stock counts, cycle counts, and reconciliation, minimizing variances and preventing stockouts or overstocking. Coordinate with procurement, production, and logistics teams to plan material requirements and ensure timely availability. Supervise warehouse staff, assign daily tasks, monitor performance, and provide on-the-job guidance to improve productivity and safety. Ensure proper material handling, labeling, and storage practices to protect goods and maintain quality. Enforce HSE policies, conduct toolbox talks, and promote a safe working environment. Prepare and review reports related to inventory levels, consumption trends, slow-moving items, and damages, supporting data-driven decisions. Oversee inbound and outbound logistics, including documentation, loading/unloading, and coordination with transporters. Implement process improvements to reduce lead times, costs, and errors. Ensure compliance with audits and internal controls, maintain records for traceability, and support continuous improvement initiatives to enhance overall warehouse performance.

Yes
