Salary (in USD)	2500/Per Month
Industry	Drilling / Rig
Sub Industry	Rig Electrician
Nationality	Nigeria
Primary Language	English,
Secondary Language	English,
Total Years of Experience	12

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Safely supervised Rig Move (Move-in/Rig Up, Rig Down/Move-Off) operations at the wellsite, ensuring strict adherence to company policies, industry standards, and HSE regulations while conducting comprehensive efficiency tests on all rig equipment prior to and after mobilization. Led and supervised drilling and completion operations with a strong focus on well integrity, effective well control practices, and zero well control incidents throughout all project phases. Operations supervised included conductor piling, casing running and cementing, wireline logging and perforation, BOP installation and pressure testing, SCSSV pressure testing, Gravel Pack sand control treatment, packer setting operations, and associated well intervention activities. Prepared detailed work instructions, risk assessments, job safety analyses, daily drilling and completion reports, and after-action reviews to capture lessons learned and continuously improve operational performance. Coordinated closely with cross-functional teams including drilling, completions, HSE, logistics, and service providers through daily morning meetings and real-time operational updates to ensure seamless execution. Evaluated cost efficiency of various drilling and completion methods, technologies, and service providers for well construction projects, selecting optimal technical and commercial solutions that improved performance, minimized non-productive time, enhanced safety outcomes, and reduced overall well construction costs by more than 20% while maintaining high operational standards.

Well Control (IWCF Level 4 Surface and Subsea)

Education Summary

Course	University	Passing Year	Country
Mechanical Engineering	University of Port Harcourt	2013	Nigeria
Petroleum Engineering	University of Port Harcourt	2022	Nigeria
Petroleum Engineering	University of Port Harcourt	2026	Nigeria
