Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>A Crane Operator/AB plays a vital role on ships/offshore platforms, operating cranes, handling cargo, and assisting deck operations. Key responsibilities include safely loading/unloading cargo, following safety protocols, maintaining equipment, and communicating effectively with the crew. They also assist with mooring, anchor handling, and other deck duties. Training involves obtaining STCW certification, completing crane operation courses, and maritime safety training. Physical fitness and mechanical skills are advantageous. The role requires adaptability, teamwork, and problem-solving abilities. Crane Operators/ABs work at heights, in varying weather, and emergency situations, interpreting signals accurately. With experience, they progress to senior roles or specialize in specific cranes/operations. The role is challenging and rewarding, offering career advancement and global travel opportunities. They ensure cargo is handled safely and efficiently, critical to maritime operations.</p>	<p>Crane Operator/AB benefits from mechanical skills, communication, problem-solving, safety awareness, physical fitness, navigation knowledge, and basic firefighting/first aid.</p>
