Salary (in USD)	500/Per Day
Industry	Drilling / Rig
Sub Industry	Directional Driller
Nationality	Egypt
Primary Language	Arabic,
Secondary Language	English,
Total Years of Experience	25

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Core Responsibilities The role is a mix of personnel management, technical oversight, and logistics. Here is what a typical night looks like:

1. **Operational Oversight** • **Supervising the Driller:** Monitoring the drilling process to ensure parameters (weight on bit, pump pressure, RPM) align with the drilling program. • **Problem Solving:** Being the first point of contact if the drill string gets stuck, if there are unexpected pressure changes, or if mechanical failures occur. • **Reporting:** Compiling the IADC Daily Drilling Report, which tracks every foot drilled and every penny spent during the shift.

2. **Safety & Compliance** • **Permit to Work (PTW):** Reviewing and signing off on high-risk permits (confined space, hot work, etc.). • **Safety Drills:** Often responsible for conducting kick drills or fire drills to ensure the night crew is just as sharp as the day crew. • **BOP Readiness:** Ensuring the Blowout Preventer and other well-control equipment are fully operational.

3. **Logistics & Maintenance** • **Inventory Management:** Tracking drill bits, mud chemicals, and casing. If the rig runs out of supplies at 3:00 AM, it's on the Night Pusher. • **Preventative Maintenance:** Coordinating with the Rig Mechanic and Electrician to fix equipment during "connection time" to minimize downtime.

IWCF/IADC Level 4 (Supervisor), , HUET/BOSIET. Strong leadership in SIMOPS, PTW, & NPT reduction. Advanced Well Control, Stuck Pipe Prevention & Crew Mentoring.

Education Summary

Course	University	Passing Year	Country
Computer science	Modern Academy Maadi	2002	Egypt
