Personal Information

Candidate id	7691
Name	MUHAMMAD IKRAM
Date of Birth	1997-11-04
Salary (in USD)	1500/Per Month
Industry	Maintenance & Inspection
Sub Industry	NDT Technician
Nationality	Pakistan
Primary Language	English,
Secondary Language	Hindi,
Total Years of Experience	6

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	----------------------------------------

Perform preventive maintenance of Low Voltage (LV) and Medium Voltage (MV) motors, ensuring optimal performance and longevity. • Conduct preventive maintenance of Vacuum Circuit Breakers (VCB) and Air Circuit Breakers (ACB) to ensure reliable operation. • Respond promptly to emergency maintenance jobs, diagnosing and resolving electrical faults efficiently. • Carry out corrective maintenance of Variable Frequency Drive (VFD) panels, soft starters, and Direct-On-Line (DOL) starters to minimize downtime. • Perform preventive and corrective maintenance of MV soft starters, ensuring smooth motor operation and system protection. • Conduct preventive and corrective maintenance of diesel generator control panels, ensuring reliable backup power supply. • Inspect and test electrical systems, identifying potential faults before they escalate. • Maintain and update maintenance logs, reports, and documentation for all serviced equipment. Diagnosed faults in power distribution, control circuits, MV/LV switchgear, and electrical equipment using advanced diagnostic tools. • Executed preventive and corrective maintenance programs to maximize reliability, minimize downtime, and ensure continuous operations. • Conducted functional testing, performance verification, and compliance checks to meet safety and regulatory standards. • Troubleshot and serviced MV/LV motors, Variable Frequency Drives (VFDs), and Uninterruptible Power Supplies (UPS) to enhance performance and extend lifespan. • Performed systematic fault tracing and root cause analysis, implementing permanent solutions to prevent recurrence. • Maintained accurate technical documentation, inspection reports, and fault logs to support audits and operational reviews. • Ensured strict adherence to electrical safety standards during emergency interventions and high risk maintenance activities

troubleshooting

Education Summary

Course	University	Passing Year	Country
Electrical Diploma of Associate Engineering	SCE	2018	Pakistan

Career Summary

Position	Employer	Country	From	To
Electrical Technician	SAEED RADDAD Al Zahrani Company	Saudi Arabia	10/2021	01/2024
Electrical Technician	Marafiq	Saudi Arabia	02/2024	01/2026
