Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Experienced Electrical Maintenance Technician with strong technical and supervisory expertise in electrical systems and aviation operations support. Skilled in inspecting, assembling, testing, and maintaining electrical and electronic wiring, equipment, appliances, and apparatus to ensure safe and efficient performance. Proficient in diagnosing faults, repairing defective wiring and components, replacing worn parts, and conducting preventive maintenance to minimize downtime and improve reliability. Maintain detailed and accurate records of all inspections, repairs, and maintenance activities in compliance with safety standards. In addition to technical responsibilities, actively supported daily flight operations by maintaining the flight schedule and managing the sequence-of-events board to ensure smooth coordination and timely updates. Monitored operational changes and ensured effective communication across departments to maintain workflow efficiency in a fast-paced environment. Demonstrated leadership experience by supervising and managing office staff from diverse, multi-ethnic backgrounds. Provided guidance, delegated tasks, monitored performance, and fostered a collaborative and inclusive work environment. Recognized for strong organizational abilities, attention to detail, problem-solving skills, and the capacity to balance hands-on technical work with operational coordination and team supervision responsibilities.

Inspecting and testing equipment, fixing faulty wiring and components, replacing worn parts, and maintaining records of all work carried out.
