Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

A skilled engine room rating responsible for supporting the safe and efficient operation of all machinery onboard. Proficient in assisting with the operation, maintenance, and overhaul of main engines, auxiliary engines, pumps, compressors, purifiers, boilers, and associated systems, a motorman ensures machinery runs smoothly under the supervision of the engineering officers. Experienced in routine watchkeeping duties, monitoring engine parameters, recording readings, and reporting abnormalities promptly. Demonstrates strong knowledge of fuel oil, lube oil, cooling water, bilge, and ballast systems, as well as preventive maintenance procedures and basic troubleshooting techniques. Competent in the use of hand and power tools, gasket renewal, filter cleaning, greasing, and equipment inspections. Well-versed in safety regulations, including STCW standards, PPE usage, lock-out/tag-out procedures, and emergency response such as firefighting and blackout assistance. Maintains high standards of housekeeping in the engine room and adheres strictly to company safety and environmental policies, including MARPOL compliance. A dependable team player with physical stamina, discipline, and the ability to work effectively under pressure, contributing to smooth engine room operations on tankers, offshore vessels, or merchant ships.

- HSE certification -
computer literate
