

FALCON®
MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	8212
Name	Mohammed shafeer vp
Date of Birth	1994-10-26
Salary (in USD)	1500/Per Month
Industry	Production
Sub Industry	Production Operator
Nationality	India
Primary Language	English,
Secondary Language	Hindi,
Total Years of Experience	7

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Plant Operation • Operate and monitor the PSA Nitrogen Generator system to produce nitrogen gas with required purity. • Start-up and shut-down the nitrogen plant safely according to standard operating procedures (SOP). • Control pressure, temperature, flow rate, and purity of nitrogen gas. 2. Equipment Monitoring • Monitor compressors, air dryers, filters, PSA towers, and storage tanks. • Check gauges, control panels, and alarms regularly. • Ensure proper functioning of valves, pipelines, and instrumentation. 3. Quality Control • Monitor nitrogen purity using gas analyzers. • Ensure nitrogen meets required purity levels (e.g., 95%–99.999% depending on plant). • Record purity readings and report deviations. 4. Maintenance Support • Perform routine inspections and minor maintenance. • Replace filters, check adsorbent beds, and inspect air dryers. • Report equipment faults to maintenance team. 5. Safety Compliance • Follow plant safety procedures and PPE requirements. • Identify and report gas leaks or abnormal conditions. • Ensure safe handling of high-pressure gas systems. 6. Documentation & Reporting • Maintain daily log sheets of plant parameters. • Record production data, purity levels, and operating hours. • Report plant performance and issues to supervisors. 7. Troubleshooting • Identify operational problems such as pressure drops or purity loss. • Take corrective actions to maintain continuous nitrogen production. 8. Utility Management • Monitor compressed air supply, cooling systems, and electrical systems. • Ensure utilities are running efficiently for plant operation.

Process monitoring
Documentation and reporting
Team work and communication
Gas analysing knowledge
Maintenance support
Emergency handling

Education Summary

Course	University	Passing Year	Country
B tech petro chemical technology	Anna university	2013	India

Career Summary

Position	Employer	Country	From	To
Plant operator	Athlat industrial gases	Oman	01/2021	08/2025
