MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	8213
Name	Dildar Khan
Date of Birth	1986-03-15
Salary (in USD)	2500/Per Month
Industry	Production
Sub Industry	FPSO/FPU
Nationality	Pakistan
Primary Language	English,
Secondary Language	Hindi,
Total Years of Experience	17

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

I am a solution-focused DCS, Panel, and Senior Field Operations Specialist with over 17 years of hands-on experience in process operations, technical services, and site activities. My experience covers the complete plant lifecycle, including installation, pre-commissioning, commissioning, start-up, normal operations, shutdowns, overhauling, major inspections, and effective implementation of the Permit to Work (PTW) system. I am known for my innovative and practical problem-solving approach, working closely with multidisciplinary teams to resolve complex operational and technical challenges. I have extensive operational expertise across a wide range of critical plant systems, including DCS and panel operations, natural gas booster compressors for ammonia plants, RLNG letdown and mixing stations for gas turbines, process gas compressors, Crude distillation, vacuum distillation, Oxidation reactor, Incinerators and wastewater treatment unit, Commissioning Experience of RLNG, HIGH CAPACITY AIR BLOWERS, PROCESS GAS COMPRESSORS, REFORMER, LOADING /UNLOADING of Acid and Caustic, STRIPPER COLOUMN, Absorption column, steam and gas turbines, scrubbers, separators, chillers, heaters, coolers, diesel generators, boilers, hydrogen and nitrogen generation units, reverse osmosis water systems, fuel oil and gas handling systems, flare systems, effluent treatment plants, oil recovery units, fire water systems, and chemical storage and handling facilities. All operations are executed in strict compliance with approved Standard Operating Procedures (SOPs) and HSE requirements. I am highly skilled in developing, reviewing, and optimizing SOPs to enhance safety, productivity, and plant performance. I possess a strong understanding of process management, field operations, and technical documentation, including engineering drawings, Job Safety Analysis (JSA), Management of Change (MOC), and related procedures. As an effective communicator and team leader, I have a proven track record of leading operations teams, improving operational efficiency, reducing costs, identifying and mitigating risks, and ensuring full compliance with HSE regulations and standards.
