-----------------------------------	--

Field Engineer and Field Specialist in Cementing Operations with 14+ years of experience in the oil & gas industry, covering onshore and offshore operations in Mexico and Saudi Arabia. Proven hands-on expertise in cementing, pumping, pressure testing, RU/RD, equipment operation, maintenance, and troubleshooting. Extensive experience in cement slurry design, cementing programs, and execution of cementing jobs, including primary, secondary, well repair, and abandonment operations. Strong background in crew supervision, logistics coordination, resource planning, and client-facing operations with major operators such as PEMEX and TECPETROL. Complemented by chemical laboratory and plant commissioning experience, providing a solid technical foundation in quality control and chemical processes. Safety-driven professional with strong commitment to HSE, risk assessment, JSA, and operational excellence, recognized for leadership, mentoring, and delivering operations safely, on time, and within budget.

? Cementing Operations (Primary, Secondary, Abandonment) ? Slurry Design & Job Programming ? Pumping & High-Pressure Operations ? Offshore & Onshore Field Operations ? Pressure Testing (Wellhead, Lines, Isolation Tools)
