## Personal Information

<b>Candidate id</b>	8258
<b>Name</b>	MONDAY OSIFO
<b>Date of Birth</b>	1983-11-11
<b>Salary (in USD)</b>	7500/Per Month
<b>Industry</b>	Oilfield Services
<b>Sub Industry</b>	Coil Tubing
<b>Nationality</b>	Nigeria
<b>Primary Language</b>	English,
<b>Secondary Language</b>	English,
<b>Total Years of Experience</b>	12

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

? Supervised and execute primary and remedial cementing operations for onshore and offshore wells in accordance with approved job programs and operational procedures. ? Lead field crews during rig-up, rig-down, and pressure testing of cementing and pumping equipment to ensure operational readiness and safety compliance. ? Operate and monitor cementing units, batch mixers, high-pressure triplex pumps, and surface pumping systems during cementing, well intervention, and stimulation operations. ? Perform pumping operations for stimulation treatments, including acidizing and other well stimulation fluids, while maintaining required pump rates and pressures. ? Ensure accurate slurry mixing, density control, displacement volumes, and pumping parameters to achieve effective zonal isolation and treatment placement. ? Monitor real-time operational parameters including pump rate, pressure, slurry properties, and treatment fluids, making adjustments to maintain job efficiency. ? Maintain strict adherence to HSE standards, well control procedures, and company safety policies to ensure safe operations. ? Coordinate with drilling, completion, and well intervention teams for smooth execution of cementing and stimulation programs. ? Troubleshoot operational challenges during pumping and cementing jobs to minimize non-productive time (NPT). ? Prepare and submit detailed job reports, operational records, and post-job evaluations for client and internal documentation.

Skills: Cementing, well stimulation/ Pumping, pressure testing, chemical mixing, equipment preparation and operations. Preventive Maintenance. Equipment rig up and rig down. Supervision, fast learning. Training: Cementing Academy – Baker Hughes.

## Education Summary

Course	University	Passing Year	Country
Electrical/Electronic Engineering Technology	AUCHI POLYTECHNIC	2003	Nigeria
Electrical/Electronic Engineering - Instrumentation and Control option	Petroleum Training Institute	2009	Nigeria
Information and Telecommunication Engineering	University of Port Harcourt, Nigeria	2023	Nigeria

## Career Summary

Position	Employer	Country	From	To
Field Specialist - ( Cementing and Pumping )	Baker Hughes	Nigeria	09/2012	05/2016
Cementing Supervisor	Sterling Exploration and Energy Production Co Ltd ( Through CBNL )	Nigeria	01/2017	03/2023
Field Specialist - IV ( Cementing and Pumping )	Baker Hughes	Nigeria	03/2023	03/2026
