Personal Information

Candidate id	8263
Name	Addagabottu Chandu
Date of Birth	2002-06-10
Salary (in USD)	1500/Per Month
Industry	Oilfield Services
Sub Industry	Siliciline
Nationality	India
Primary Language	English,
Secondary Language	Hindi,
Total Years of Experience	2

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

I am currently working as a Process Operator at GPS Renewables Pvt. Ltd. in the Reliance Biogas Energy Project, Kakinada. My responsibilities include operating and monitoring the complete Biogas Upgradation Unit including moisture removal, H₂S removal, and membrane-based CO₂ separation systems. I handle multi-stage gas compression systems delivering compressed biogas (CBG) up to 240 bar for cascade filling and dispatch operations. I monitor plant parameters such as pressure, temperature, and flow rate through the SCADA system (Optimaxx GRS) and ensure safe and stable plant operation. I regularly check alarms and interlocks and take immediate corrective action when abnormal conditions occur. I perform plant startup, shutdown, and troubleshooting activities during normal and emergency conditions. I also coordinate with maintenance teams for preventive and corrective maintenance of compressors, pumps, valves, chillers, and other process equipment. I maintain shift logs, operational records, and handover reports to ensure proper communication between shifts. I strictly follow HSE standards including PTW (Permit to Work), LOTO (Lockout Tagout), and PPE requirements while performing plant operations. I also assist in process optimization and ensure product gas quality meets required methane purity standards. My role focuses on maintaining safe, efficient, and continuous operation of the gas processing plant.

SCADA (Optimaxx GRS), Gas Compression Systems, H₂S Removal, Moisture Removal, Membrane CO₂ Separation, P&ID Reading, Process Plant Operations, PTW, LOTO, HSE Safety Procedures.

Education Summary

Course	University	Passing Year	Country
B. tech chemical engineering	Acharya Nagarjuna University	2023	India

Career Summary
