

FALCON[®]
MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	8323
Name	HAMZA LAHBIBEN
Date of Birth	1981-08-07
Salary (in USD)	3500/Per Month
Industry	Drilling / Rig
Sub Industry	Radioman
Nationality	Algeria
Primary Language	Arabic,
Secondary Language	English, French,
Total Years of Experience	18

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

I hold an engineering degree in Geology (Structural geology & Geochemistry 2007). Currently, I am working as Senior Well Integrity Engineer / HSE within the algerian regulator (Hydrocarbon Regulation Agency - ARH, Algeria, July 2019-Till now), where my main responsibilities include overseeing the integrity of all wells across Algeria—including production wells, injection wells, and those currently being drilled—as well as reviewing, monitoring and validating Plug & Abandonment (P&A) programs & operations, and following the Carbon Capture & Storage (CCS) Monitoring (Seismic 2D, 3D, 4D, seismic inversion, Walk-around VSP, InSar, Geochemistry, Geomechanics). I'm a Member of the Sectoral Committee for monitoring of CCS project in Algeria (InSAR, Seismic, Geomechanics, Geochemistry, ...), a Member of Committee in charge of proposing a CCUS strategy in the hydrocarbons sector. Notably, I had contributed to the development of the Executive Decree that defines the technical regulations for well integrity. Previously, I worked as Directional Driller (Weatherford, MAR 2018-APR 2019), MWD engineer (Weatherford, MAR 2018-APR 2019), Drilling Instructor consultant within two companies (Algerian Institute of Petroleum, IAP – Sonatrach and NAPA, Jan 2015-Nov 2017), Turbodriller/MWD engineer II (SLB, APR 2014-AUG 2014), Drilling Real time Operations Engineer - RTOC OSE (SLB, JUL 2010-MAR 2014) and Mudlogging (Baker Hughes, JUL 2008-JUL 2010). Additionally, I worked as company representative for NAPA. And, I was making a proofreading of drilling documents for one company.

Well integrity, CCS (Carbon Capture & Storage), Drilling, Directional drilling, Geology, Seismic, Cementing

Education Summary

Course	University	Passing Year	Country
Geology	USTHB	2007	Algeria

Career Summary

Position	Employer	Country	From	To
Mudlogging/Geologist consultant	Baker Hughes	Algeria	07/2008	07/2010
RTDS / RTOC Drilling Operation Support Engineer	SLB	Algeria	07/2010	03/2014
Turbodriller & MWD engineer	SLB	Algeria	04/2014	08/2014
Drilling instructor	Sonatrach & NAPA	Algeria	01/2016	11/2017
Directional Drilling	Weatherford	Algeria	11/2017	05/2019
Senior Well integrity engineer	ARH (Algerian regulator of hydrocarbons)	Algeria	07/2019	03/2026
