| Roles and Responsibilities | Additional Skills/Certification |
|-----------------------------------|--|
|-----------------------------------|--|

I have experience on many different conventional, power, diesel electric types/models of rigs and also different type of flex rigs, also have experience on different types of rigs. Experience on skid & walking systems and also have the experience of using these systems to optimize the usage of them to benefit time & cost. I am 100% familiar with the process of getting rigs ready for new contracts, inspecting, commissioning, certifying and performing endurance test as well as 100% familiar with individual rig inventories, general warehouse inventories, maintenance, repair, retrofits, upgrades & modifications. Along with that, I've been assigned to different challenges during my carrier as Driller and Rig Manager, I have always been successful as a result of my hard work, commitment to safety as my number one priority and always representing the company with honesty, integrity, professionalism, good work ethics and also by having the skills to interact/work with all members of team. I've also been privileged all these years to help on training/coaching personnel on different levels/positions on different projects (Floor hand, Motor man, Derrick man, Drillers, Tour Pushers, Rig Managers, etc.)

2008 Well Control, by University of Houston-Victoria. 2023 First Aid, by Pave Associates S.A. de C.V. 2023 Combustion Theory, by Pave Associates S.A. de C.V.
