## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Rig-floor operations: Set/activate slips, latch/unlatch elevators, operate/spin-up/spin-down tubulars using iron roughneck or manual tools under driller direction. Tripping and connections: Make/break connections, stab stands, control pipe movement, verify drift and tally, manage thread protection and dope application. Casing/liner assistance: Support casing running tools, guide stabbing, apply torque per program, install centralizers and stop collars; coordinate with third-party casing crew. BOP nipping-up support: Assist in lifting, bolting, torquing flanges, installing studs and ring gaskets, handling hoses/controls as directed by supervisors. Mud system support: Mix bulk/sack chemicals as directed, monitor pits visually, manage mud transfers, clean shakers and mud pits areas. Equipment readiness: Inspect, clean, tag, and stage slips, tongs, elevators, stabbing guides, rotary tools, lifting gear; report defects and assist in minor maintenance. Red-zone management: Maintain safe zones around rotating/lifted loads, spot potential pinch points, use tag lines and approved hand placement techniques. HSE execution: Participate in JSAs, toolbox talks, PTW, LOTO; conduct gas checks, spill response, housekeeping, and waste segregation. Deck operations: Support pipe rack/catwalk operations, slinging/rigging loads, guiding crane lifts per banksman instructions. Shift handovers: Provide concise post-tour status on equipment condition, ongoing tasks, and risks to incoming crew.
