Before entering the oil and gas field, I worked in a general lathe workshop as a lathe operator, performing some simple tasks on milling machines. I held this position for 9 years. I have experience repairing centrifugal pumps and some expertise in repairing and replacing hydraulic pump seals, valves, pistons, and hydraulic motors. I also sometimes assist mechanics in disassembling pump engines such as CAT C13 &amp; C15, Cummins, JIM, and John Deere. My personal favorite is the Detroit 60 diesel engine, hands down.</p>	<p>???? ????? ????? ????</p>
