-----------------------------------	--

A highly motivated and experienced Coiled Tubing Supervisor with more than 10 years of experience in the oil and gas industry, specializing in coiled tubing operations, well intervention, and field supervision. Proven ability to manage crews, ensure safe and efficient operations, and deliver high-quality results under challenging conditions both onshore and offshore. Extensive experience in planning and executing coiled tubing jobs including well cleanouts, nitrogen lifting, acid stimulation support, fishing operations, and milling. Strong knowledge of well control procedures and safety standards with IWCF Level 4 certification. Demonstrated ability to coordinate with drilling teams, engineers, and client representatives to ensure smooth operations and job success. Skilled in equipment maintenance, troubleshooting operational issues, and ensuring all equipment is functioning according to company standards. Experienced in leading multicultural teams, supervising field personnel, and maintaining strict compliance with HSE policies and procedures. Highly organized and able to work under pressure while maintaining focus on safety, efficiency, and operational excellence. Strong communication and leadership skills with a commitment to continuous improvement and professional development. Dedicated to achieving operational targets while maintaining the highest safety standards and contributing positively to the success of the organization.
