Salary (in USD)	500/Per Month
Industry	Production
Sub Industry	Stimulation
Nationality	Pakistan
Primary Language	English, Hindi,
Secondary Language	Hindi,
Total Years of Experience	14

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Experienced manufacturing and process industry professional with strong hands-on expertise in petrochemical and continuous production environments. Skilled in operating and monitoring critical plant equipment including extruders, reactors, and polymerization units to maintain stable process conditions and consistent product quality. Possess solid knowledge of plant operations, process parameters, safety systems, and troubleshooting techniques to ensure efficient and uninterrupted production. Demonstrated ability to monitor process variables, control production activities, and support shift operations while maintaining strict compliance with health, safety, and environmental standards. Experienced in coordinating with maintenance and technical teams to resolve operational issues, reduce downtime, and improve overall plant reliability. Adept at identifying process deviations, implementing corrective actions, and supporting continuous improvement initiatives to optimize plant performance and productivity. Familiar with industrial safety practices, standard operating procedures, and quality management systems within manufacturing and petrochemical environments. Capable of working effectively in high-pressure operational settings, managing shift responsibilities, and contributing to team performance to achieve production targets. Committed to maintaining safe plant operations, maximizing efficiency, and ensuring consistent product quality through disciplined process control and operational excellence in dynamic process manufacturing organizations.
