Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Performed rigging operations including lifting, moving, and securing heavy equipment and machinery on offshore platforms. Assisted in installation, dismantling, and maintenance of drilling equipment and support systems. Conducted regular inspections of rigging tools, slings, and lifting gear to ensure safety compliance. Coordinated with drilling and technical teams for safe handling and movement of materials. Maintained accurate records of daily rigging operations and equipment usage. Adhered strictly to HSE (Health, Safety, and Environment) standards to minimize offshore risks. Supported troubleshooting and minor repairs of mechanical systems on the rig. Performed preventive and corrective maintenance of mechanical systems on the drillship. Diagnosed and repaired faults in engines, hydraulic systems, and other heavy machinery. Assisted in assembling, disassembling, and relocating machinery during operational shifts. Ensured compliance with safety protocols while performing mechanical work onboard. Monitored machinery performance and suggested improvements to increase efficiency. Maintained logs of maintenance activities, repairs, and inspections. Collaborated with offshore technical teams to support smooth drilling operations.
