-----------------------------------	--

I am writing to express my interest in any available Coiled Tubing Operator opportunities within your organization. I am highly motivated to develop my career in coiled tubing operations and to contribute to safe and efficient well intervention activities. I am particularly interested in joining a professional team where I can apply my technical skills, follow strict HSE standards, and continue learning in a challenging oilfield environment. I am available for field assignments and adaptable to rotational schedules. I have practical experience in N2 operations, pumping systems, equipment handling, and HSE compliance, combined with strong capabilities in technical training, mentoring, and supervising field personnel. My career progression reflects adaptability, leadership potential, and a strong commitment to safety and operational excellence. I am passionate about contributing to efficient field operations while supporting continuous improvement through training and knowledge transfer. Open to opportunities that align with N2 operations, coiled tubing support, pumping services, or technical training roles within the oil and gas industry. Core Skills: • N2 Pumping Operations • Fluid Pump Operations • Oilfield Equipment Handling • HSE & Safety Compliance • Technical Training & Coaching • Team Leadership & Supervision • On-site Field Operations • Coiled Tubing and Stimulation, Downhole, and Well control knowledge. • Social, Technical, interpersonal, and Engineering skills. Field and Technical Engineer for CT Operations • Experienced in Coiled Tubing Intervention design and software, CT Tools
