## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

I supervise and execute all coiled tubing operations safely and efficiently, ensuring smooth well intervention activities. I monitor CT equipment, pressures, pump rates, and well parameters to maintain optimal performance. I coordinate closely with engineers, service crews, and client representatives to ensure operations align with project objectives. Safety is my top priority; I enforce HSE policies, conduct safety briefings, and identify risks to prevent incidents. I maintain accurate daily reports, logs, and equipment records, documenting all activities and performance. I also train and mentor CT crew members, ensuring adherence to procedures and building a skilled, reliable team. With strong experience in coiled tubing and well intervention, I bring leadership, problem-solving, and operational expertise to every project. I am skilled in analyzing well data, troubleshooting equipment, and coordinating complex operations while maintaining safety and efficiency. My communication and team management skills allow me to deliver results and keep operations running smoothly under challenging conditions.

Well intervention & CT operations, pressure & circulation monitoring, rigless ops, equipment troubleshooting, leadership & team management, risk assessment, hazard mitigation, effective communication.
