<b>Total Years of Experience</b>	7

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

I am an experienced oil and gas professional with several years of international field experience. I have worked in different parts of the world as a Coiled Tubing (CT) Operator, Nitrogen (N2) Pump Operator, and Fluids Pump Operator. Throughout my career, I have had the opportunity to work in multiple countries, including Colombia, Mexico, and Saudi Arabia, gaining valuable experience in diverse operational environments and conditions. During my time in the industry, I have participated in a wide range of well intervention and stimulation operations such as milling, stimulation, fishing, cementing, well cleanup, and other related services. These experiences have allowed me to develop strong technical skills, operational discipline, and the ability to work efficiently under pressure while maintaining high safety standards. I also have experience working both offshore and onshore, adapting quickly to different teams, equipment, and operational procedures. My background has helped me build a solid understanding of oilfield operations, teamwork, and problem-solving in demanding environments. I am a dedicated, reliable, and safety-focused professional who is always willing to learn and improve. Currently, I am available and ready to mobilize, and I look forward to contributing my skills and experience to a professional team in the oil and gas industry.

I have certification available for onshore and offshore
