 To Whom It May Concern, Please accept this letter as a formal introduction outlining extensive professional experience and technical capabilities developed over more than fifteen years within the oil and gas services sector. Valuable hands-on expertise has been gained through assignments with leading international companies including Schlumberger, Halliburton, Baker Hughes, and SAPESCO across Egypt, Saudi Arabia, and Oman. Professional experience includes operating and maintaining high-pressure pumping equipment, performing stimulation and acidizing services, conducting hydrostatic and leak testing, managing filtration systems, and supporting pipeline pre-commissioning activities while maintaining full compliance with international HSE and operational standards. Field responsibilities have consistently involved executing critical operations in demanding environments, coordinating crews, troubleshooting mechanical issues, and applying preventive maintenance practices to ensure maximum equipment reliability, minimal downtime, and continuous production efficiency. Strong strengths include technical problem solving, resource management, safety compliance, and maintaining high performance under pressure. Continuous professional development has been supported through multiple certifications and training courses, including H2S and First Aid, Fire Fighting, Safety HSE, Safety Audit, and Lifting Equipment. Seeking the opportunity to contribute experience, operational discipline, and a strong safety-focused mindset to a professional organization committed to excellence and performance. Sincerely, Hany Mohamed Abd Elatif Mohamed
