Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>Experienced in oilfield pumping operations including cementing and stimulation services. Performed job preparation, equipment rig-up and rig-down, pressure testing, and safe execution of pumping operations on both onshore and offshore locations. Strong hands-on experience with cementing units, stimulation pumps, and surface equipment, ensuring efficient job execution while strictly following HSE standards and operational procedures. Worked effectively within multicultural teams during field operations with Halliburton and SLB. My background has provided me with strong technical skills, operational discipline, and full commitment to HSE standards and efficient job performance. I am confident that my experience can contribute positively to your operations. I would welcome the opportunity to join your team and contribute to your continued success.</p>	<p>Cementing Courses – Halliburton Cementing One Cementing Two Primary & Remedial Cementing Halliburton Red Book Oilfield Mathematics HSE & Safety Training BOSIET – Aug 2024 Basic H2S – Aug 2024 CA-EBS (Compressed Air Emergency Breathing System) –</p>
