<p>Subject: Application for Offshore Mechanical / Maintenance Opportunities</p> <p>Dear [Recruitment Team / Hiring Manager], I hope this message finds you well. I am writing to express my interest in offshore mechanical and maintenance positions with your esteemed organization. I have over 11 years of experience in the manufacturing industry, working in roles such as Machinist, Supervisor, Operator, Assembly Section, and Maintenance Section. This experience has provided me with strong technical expertise in mechanical operations, CNC machining, assembly, preventive maintenance, and troubleshooting complex machinery. Currently, I am employed as a CNC Machinist at Baker Hughes, 2nd Industrial Area, Dammam, Saudi Arabia, where I ensure precision in machining operations while maintaining safety and operational efficiency. I have also supervised teams and coordinated maintenance schedules, giving me the leadership and teamwork skills required for offshore environments. I am particularly interested in roles such as Mechanical Service Technician, Assembler, or Maintenance Technician (rotation/offshore). I am fully prepared for offshore work, including rotation schedules, and am committed to maintaining high safety standards and operational excellence. Please find my resume attached for your consideration. I would greatly appreciate the opportunity to contribute to your team and look forward to your positive response. Best regards, Muhammad Waseem Contact (KSA): +966540037578</p>	<p>CNC Machinist, maintenance, Assembler, Mechanical service technician,</p>
