Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

As an Electrician, my primary responsibility is to ensure safe electrical installations and maintenance, with zero LTI (Lost Time Injury) and NPT (Non-Productive Time). Key responsibilities include daily route maintenance, ensuring detailed handover to colleagues, and reporting faulty equipment to my supervisor. I also prepare LOTO (Lockout/Tagout) procedures before carrying out jobs requiring permits to work, ensuring compliance with safety protocols. My focus is on maintaining a safe working environment and ensuring all tasks are completed efficiently and effectively, prioritizing safety and productivity. I work diligently to prevent accidents and minimize downtime, while maintaining high-quality work standards. By following established procedures and guidelines, I contribute to a safe and productive workplace. My goal is to deliver excellent results while maintaining a safe and healthy work environment, adhering to industry best practices and regulations, and promoting a culture of safety and accountability.

I'm multi tasking and a team player and leader with my GCC work experience I can quickly adapt. I have basic offshore safety certification , oguk , H2S , etc.
