Additional Information

Roles and Responsibilities	Additional Skills/Certification
Assisted the Driller in operating and monitoring drilling equipment during drilling operations. Supervised rig floor crew including roughnecks and floormen to ensure smooth and safe drilling activities. Monitored drilling parameters such as weight on bit, pump pressure, rotary speed, and mud circulation. Ensured proper handling, connection, and disconnection of drill pipes and drilling tools. Maintained and operated drilling control systems and rig equipment as per operational procedures. Assisted in well control operations and ensured compliance with well control and safety standards. Conducted regular inspection of drilling equipment to identify faults or maintenance requirements. Ensured all crew members followed HSE (Health, Safety, and Environment) policies and safe work practices. Maintained accurate drilling records, reports, and shift logs. Coordinated with the Driller and other departments to maintain efficient drilling operations and minimize downtime.	H2s
