## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

I am an experienced professional with a strong background in outdoor sales, technical support, and trading of water and industrial equipment. Throughout my career, I have developed excellent client relationship management skills, working closely with engineers, contractors, and various companies to ensure their equipment and project needs are met efficiently. I am skilled in preparing reports, reviewing and pricing vouchers, and maintaining accurate documentation, which has contributed to smooth operations and successful project completion. In addition to sales, I have hands-on experience in workshop operations, including equipment inspection, maintenance, and troubleshooting. This practical experience allows me to provide technical support to clients and ensures that all equipment meets quality and safety standards. I have regularly participated in technical training sessions from pump agencies, which has helped me stay updated with the latest industry developments and technical knowledge. My career has also strengthened my problem-solving abilities, teamwork, and quick learning skills. I am highly organized and able to manage multiple tasks effectively, ensuring customer satisfaction and project efficiency. I am confident in my ability to contribute positively to any organization in the trading, technical, or sales sectors, leveraging both my technical and interpersonal skills to drive results.

- Client management and negotiation
- Technical knowledge of water and industrial equipment
- Workshop experience and problem-solving
- Reporting and documentation
- Quick learner from training sessions
- Teamwork and collaboration
