Salary (in USD)	1500/Per Month
Industry	Drilling / Rig
Sub Industry	OIM
Nationality	American Samoa
Primary Language	English,
Secondary Language	Arabic,
Total Years of Experience	15

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Operate and control the drilling rig equipment. Monitor drilling parameters (weight on bit, pressure, RPM, mud flow). Ensure safe drilling operations and follow safety procedures. Supervise the drilling crew (assistant driller, roughnecks, floor men). Detect and respond to well control issues like kicks or blowouts. Maintain proper circulation of drilling mud. Coordinate with toolpusher and drilling engineers. Record drilling data and daily reports. Ensure proper maintenance of drilling equipment. Participate in safety drills and emergency response. proper circulation of drilling mud, which cools the drill bit, removes rock cuttings from the wellbore, and maintains pressure balance in the well. The driller also keeps detailed records of drilling activities, equipment performance, and operational data for reporting and analysis. The driller regularly communicates with drilling engineers, toolpushers, and other technical staff to ensure the drilling plan is followed correctly. Participation in safety meetings, emergency drills, and maintenance checks is also an essential part of the role.
