<b>Salary (in USD)</b>	3000/Per Month
<b>Industry</b>	Engineering & Science
<b>Sub Industry</b>	Physicist
<b>Nationality</b>	Egypt
<b>Primary Language</b>	Arabic,
<b>Secondary Language</b>	English,
<b>Total Years of Experience</b>	2

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Dear Hiring Manager, I am a Petroleum Engineering graduate (Class of 2024) with a CGPA of 3.55/4.00, ranked 5th in my department. Currently, I work as a Field Engineer Specialist at Discovery Oil Services, specializing in artificial lift using jet pumps and directional survey with GYRO tools. I also have prior experience as a memory gauge engineer. I earned my BOSIET certification in January 2025 and have gained both offshore and onshore experience across various rigs and fields in Egypt. I am writing to express my strong interest in joining your team as a Drilling Engineer. While I acknowledge that I do not have direct drilling engineering experience, my academic background—combined with active involvement in field operations since October 2024—has given me solid foundational knowledge of drilling engineering principles. I have consistently applied myself to understand downhole dynamics, well integrity, and operational safety, which are central to drilling roles. I am a fast learner, physically and mentally prepared for rig-site demands (BOSIET certified), and eager to grow under your team’s guidance. I would greatly appreciate the opportunity to be interviewed and to demonstrate my commitment and potential. Thank you for considering my application.

-BOSIET (Basic offshore safety induction and emergency training) - Microsoft office (Word, Excel, Power point).

## Education Summary

Course	University	Passing Year	Country
Petroleum engineering	Future University in Egypt	2024	Egypt

## Career Summary

Position	Employer	Country	From	To
Memory gauge coordinator	EGOSCO	Egypt	10/2024	10/2025
Field engineer	Discovery oil services	Egypt	10/2025	04/2026
