

FALCON®
MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	9355
Name	Seif Eldin Ahmed Mostafa Shalaby
Date of Birth	1997-11-14
Salary (in USD)	8000/Per Month
Industry	Drilling / Rig
Sub Industry	Drilling Manager
Nationality	Egypt
Primary Language	Arabic,
Secondary Language	English,
Total Years of Experience	5

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Monitor rig operations from spud to rig move, including drilling, casing, cementing, Blowout Preventer (BOP) testing, logging, and completions. Coordinate callouts for the required well materials, equipment, and services in line with operation. Prepare data sheets for casing tally and cement calculations. Write up operation-related reports including Daily Drilling Report (DDR) using Openwells Landmark software, Material Control Sheet (MCS), Daily Cost Report (DCR), and Service Control Sheet (SCS). Troubleshoot drilling problems and provide corrective actions and remedial solutions, including wellbore instability, lost circulation, H2S incidents, well control, stuck pipe, and fishing operations. Attend pre-spud, pre-tour and pre-job safety meetings. Supervise advanced drilling operations and engineering practices, including extended reach drilling, managed pressure drilling, HPHT, under-balanced drilling, and horizontal drilling. Ensure operation is running based on safety standards by monitoring operation, attending various drills, and revising permits to work, safe job analysis (SJA), and task risk assessment. Supervise the reset of the site to its natural environmental setting after drilling is accomplished. Issue end of well reports. Review service company field tickets for accuracy of services provided and associated charges. Oversee equipment inspections and function testing of drilling tools, casing, tubing, and surface pressure equipment prior to operations. Promote cost-saving ideas and operational optimization consistent with meeting well objectives safely. Provide on-the-job training to less experienced drilling/workover personnel, promoting knowledge transfer and continuous improvement. Manage contractors' activities, verify quality of services and materials, and evaluate drilling contractor performance (rigs, bits, directional drilling, and liners).

IWCF Level 4

Education Summary

Course	University	Passing Year	Country
Petroleum Engineering	Suez University	2021	Egypt

Career Summary

Position	Employer	Country	From	To
Bit Runner	EPIC	Egypt	06/2024	04/2026
Consultant DSV	El-Hamra oil, TransOil JV	Egypt	07/2024	04/2026
Technical Instructor	OPA Energy Training Center	Egypt	01/2026	04/2026
Workover & Well Completion Engineer	BAPETCO, Cheiron Energy JV	Egypt	08/2021	08/2022
Workover Supervisor	BAPETCO, Cheiron Energy JV	Egypt	08/2022	08/2023
Drilling Supervisor	BAPETCO, Cheiron Energy JV	Egypt	08/2023	04/2026
