

FALCON[®]
MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	9386
Name	Aqib Ali
Date of Birth	1999-01-01
Salary (in USD)	500/Per Month
Industry	Drilling / Rig
Sub Industry	Control Room Operations
Nationality	Pakistan
Primary Language	Hindi,
Secondary Language	English,
Total Years of Experience	5

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Managed drilling operations including planning, execution, and continuous monitoring of drilling activities to ensure safe and efficient well delivery. Prepared detailed drilling programs, including bit selection, hydraulics optimization, and casing design based on well objectives and formation conditions. Supervised rig operations and coordinated with drilling crew, mud engineers, and service companies to ensure smooth workflow and minimize non-productive time (NPT). Monitored key drilling parameters such as weight on bit (WOB), rotary speed (RPM), pump rates, and mud properties to maintain wellbore stability and optimize rate of penetration (ROP). Performed real-time analysis of drilling data to identify potential issues such as kicks, losses, or stuck pipe, and implemented corrective actions promptly. Ensured compliance with HSE standards by conducting risk assessments, toolbox talks, and enforcing safety procedures at the rig site. Assisted in well control operations and maintained readiness for emergency situations. Prepared daily drilling reports, cost tracking, and performance analysis to support decision-making and improve operational efficiency. Worked closely with senior engineers in well planning, casing design, cementing operations, and post-well analysis to enhance future drilling performance. Maintained accurate documentation and ensured adherence to company policies and industry best practices.

Well Planning & Drilling Engineering Casing Design & Cementing Hydraulics Calculations (ECD, MW, Pressure Losses) Well Control Knowledge (Kick Detection & Prevention) Drilling Software (e.g., Landmark, Excel) Daily Drilling Reporting HSE Compliance & Risk Assessment Communication & Team Coordination

Education Summary

Course	University	Passing Year	Country
Mechanical engineering	UET Peshawar	2021	Pakistan

Career Summary

Position	Employer	Country	From	To
Drilling engineer	CNPC	Pakistan	01/2022	04/2026
