Total Years of Experience	8

Additional Information

Roles and Responsibilities	Additional Skills/Certification
Currently, I work as an Application Operations Specialist supporting Baker Hughes drilling operations, where I monitor global real-time drilling data, troubleshoot WITSML data transmission systems, and provide technical support to MWD/LWD field teams. My experience includes remote drilling surveillance, incident management under ITIL standards, and maintaining uninterrupted data acquisition across multiple rigs. Previously, as a Petroleum Engineer with Nathani Oil and Gas Services, I executed slickline operations, well diagnostics, and production monitoring for major operators including ONGC, Cairn India, Oil India, and Schlumberger. My responsibilities included well intervention planning, pressure and temperature gradient surveys, echometer analysis, and artificial lift performance monitoring.	Agile fundamentals
