Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Worked as a Roustabout supporting daily oilfield and drilling operations by performing a wide range of manual and technical support tasks. Responsible for loading and unloading heavy equipment, materials, and supplies required for drilling activities while ensuring proper handling and storage procedures. Assisted skilled workers, technicians, and supervisors in routine operations, contributing to smooth workflow and timely task completion. Maintained tools, equipment, and work areas to ensure cleanliness, organization, and operational readiness at all times. Actively participated in rig setup and dismantling, including handling pipes, tubing, and other drilling components. Performed site cleaning duties to keep the work environment safe and free from hazards, reducing the risk of accidents and improving overall efficiency. Followed all safety protocols, including proper use of Personal Protective Equipment (PPE), hazard identification, and compliance with company and industry safety standards. Supported emergency response procedures when required and maintained awareness of fire safety and first aid practices. Demonstrated strong physical stamina and the ability to work in demanding environments, including extreme weather conditions and long shifts. Maintained effective communication with team members and supervisors to ensure coordination and safe execution of tasks. Consistently showed teamwork, reliability, and a strong commitment to maintaining high safety and operational standards on site.

Basic knowledge of oilfield operations
