MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	9486
Name	Ahmed Ismail
Date of Birth	1994-09-20
Salary (in USD)	4500/Per Month
Industry	Drilling / Rig
Sub Industry	Drilling Manager
Nationality	Egypt
Primary Language	Arabic,
Secondary Language	English,
Total Years of Experience	8

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	----------------------------------------

? Monitor rig activity, ensuring efficient use of equipment, materials, and personnel. ? Coordinate well planning and spud-to-completion activities, including casing, cementing, and directional drilling. ? Oversee the execution of drilling, completion, and workover operations as per well design. ? Manage the interface between the drilling contractor, service companies, and the operator's drilling team ? Identify potential drilling hazards and recommend solutions to reduce cost and enhance efficiency. ? Track and report daily drilling progress and compare with the well plan. ? Ensure that rig operations remain within the allocated AFE (Authorization for Expenditure) limits. ? Enforce strict HSE standards and procedures at the wellsite. ? Conduct daily safety meetings (pre-tour, toolbox talks) and pre-job safety analyses (JSA). ? Ensure compliance with all government, environmental, and company HSE regulations. ? Lead emergency response drills and incident reporting protocols. ? Maintain accurate and timely records, including Daily Drilling Reports (DDR), equipment usage, mud checks, and cost tracking. ? Submit daily reports to head office, including drilling data, operational issues, and safety statistics. ? Ensure rig equipment is inspected, maintained, and operating within specification. ? Verify and approve materials and services delivered to the wellsite. ? Maintain well control at all times; respond appropriately to kicks, losses, and wellbore instability. ? Ensure IWCF/IADC well control procedures are followed at all stages of drilling. ? Coordinate Blowout Preventer (BOP) testing and function drills as per regulations. ? Coordinate with geology, mud logging, wireline, and other service teams to ensure operations align with overall drilling objectives.

RTOC Training for using Well Data 4.0 at NOV Dec 2025 Well Engineering Course & Drilling Simulator at Well Experts Coiled Tubing Operations & Equipment Course IWCF Well Control Program Level 4 IWCF Well Intervention Pressure Control Program Level 4

Education Summary

Course	University	Passing Year	Country
Petroleum Engineering	Suez University	2018	Egypt

Career Summary

Position	Employer	Country	From	To
Workover Supervisor	BAPETCO	Egypt	03/2023	01/2025
Drilling Supervisor	BAPETCO	Egypt	01/2025	04/2026
