

**FALCON**<sup>®</sup>  
MULTI SERVICES LTD

**Falcon Multi Services Ltd**

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

## Personal Information

<b>Candidate id</b>	9505
<b>Name</b>	Eslam Mohamed
<b>Date of Birth</b>	1995-05-01
<b>Salary (in USD)</b>	7000/Per Month
<b>Industry</b>	Drilling / Rig
<b>Sub Industry</b>	Rig Electrician
<b>Nationality</b>	Egypt
<b>Primary Language</b>	Arabic,
<b>Secondary Language</b>	English,
<b>Total Years of Experience</b>	8

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

• **Directional drilling Performance:** Engineered & Oversaw the execution of +25 offshore directional wells in the Gulf of Suez, optimizing BHA selection to improve drilling efficiency & maintain planned trajectories. • **Complex Well Remediation:** Planned & executed +8 Side track operations using whipstocks & open hole cement plugs, reducing NPT by mitigating downhole challenges. • **Slot Recovery & Asset Life Extension:** Directed 5 slot recovery wells using DCS techniques. • **Safety Leadership:** Led daily HSE & operational meetings with rig teams, fostering a culture of safety that achieved Zero Lost time (LTI) ADM-VIII's project execution. • **Risk Management & Offset Analysis:** Conducted comprehensive offset well analyses to identify drilling risks, developing proactive mitigation strategies that minimized stuck- pipe incidents & drilling risks. • **Technical Well Design:** Formulated robust casing programs and set depths by modeling pore pressure and fracture gradient ensuring 100% wellbore stability. • **Software Optimization (Landmark):** Developed high-precision drilling programs & direction plans using Landmark Compass & performed advanced hydraulics & drilling mechanics analysis using Landmark Well plan. • **Structural Well Integrity Analysis:** Performed critical casing design & stress analysis using stress check & Casing Seat, ensuring technical compliance with safety factors under extreme load conditions. • **Financial Stewardship:** Prepared probabilistic well cost estimates using Crystal Ball and monitored operational costs delivering projects within 78% of the authorized budget. • **Continuous Improvement:** Authored Final Wells Reports & facilitated After Action Review (AAR), documenting Lessons Learned that led to 90% improvement in subsequent well delivery cycles.

• Landmark COMPASS. • Landmark WELLPLAN. • Landmark STRESS CHECK. • Landmark CASING SEAT. • Landmark OPENWELLS. • Crystal Ball Cost Simulation. • Microsoft Office • IWCF Well Control Level 4 – Valid to Sep 2026. • IADC Well Sharp, Supervisor Level – Valid to Dec 2027. • Helicopter Underwater Escape Training (HUET) • Drill String Design . • Stuck Pipe Prevention & Fishing. • Advanced Well Cementing . • Advanced Mud School . • Well Integrity Management. • Well Placement Workshop – SCHLUMBERGER. • Drill Bit Essentials – Reed Hycalog. • Advanced Coiled Tubing

## Education Summary

Course	University	Passing Year	Country
Bachelor of Science in petroleum engineering	Suez University	2018	Egypt
Master of Science in Drilling & Well Engineering	Suez University	2026	Egypt

## Career Summary

Position	Employer	Country	From	To
Completion Engineer	Halliburton	Egypt	07/2018	06/2019
Senior Drilling Engineer	Gupco/ Dragon Oil	Egypt	06/2019	04/2026
