Industry	Drilling / Rig
Sub Industry	
Nationality	India
Primary Language	English, Hindi,
Secondary Language	
Total Years of Experience	2

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

With over four years of combined experience as a Radio Operator on offshore drilling rigs and as a Trainee Navigational Officer aboard merchant vessels, I bring a strong foundation in communication systems, safety protocols, and maritime operations. My academic background in B.Sc. Nautical Science further solidifies my technical expertise and readiness to contribute to your esteemed organization. In my previous role as a Radio Operator on offshore drilling rigs, I managed critical communication systems, ensured compliance with international regulations, and contributed to the seamless coordination of operations in high-pressure environments. Transitioning to the merchant maritime industry as a Trainee Navigational Officer, I honed my skills in navigation, situational awareness, and teamwork, gaining a holistic understanding of maritime operations. Key achievements include: Maintaining 24/7 communication channels and ensuring compliance with GMDSS (Global Maritime Distress and Safety System) protocols. Supporting emergency response drills and enhancing operational efficiency through effective coordination with diverse teams. Adapting swiftly to dynamic operational environments and mitigating risks through proactive communication.

Helicopter operation
Handling boats
Navigation
POB maintaining
Timesheet and rimdrill
