## Personal Information

<b>Candidate id</b>	9665
<b>Name</b>	Stephen
<b>Date of Birth</b>	1980-01-11
<b>Salary (in USD)</b>	15000/Per Month
<b>Industry</b>	Maintenance & Inspection
<b>Sub Industry</b>	Maintenance Technician
<b>Nationality</b>	Canada
<b>Primary Language</b>	English,
<b>Secondary Language</b>	
<b>Total Years of Experience</b>	20

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

To whom it may concern, With over 18 years of hands-on offshore drilling rig experience including the last 8 as Senior Maintenance Engineer on the Moliqpak platform refurbishment project in Russia. I am applying for any suitable position at GPES. I have successfully led the complete electrical and mechanical upgrade of a jack-up rig, managing DC-to-AC conversion (ABB VFD) conversion, replacement of Top Drive, Draw Works, Iron Roughneck, Pipe Handling, Mud Pumps, CRI, and Waste Heat Recovery systems, along with all associated high- and low-pressure pipework. These projects were delivered safely, on schedule, and within budget while maintaining full operational capability. Previously, as Maintenance Supervisor and Senior Systems Engineer on the Lun-A and PAB platforms, I maintained zero lost-time incidents while supervising multidisciplinary crews, managing critical spares, and executing complex shutdowns using SAP and ISSOW systems. My career began with NOV and Schlumberger in Canada and Qatar, giving me factory-level expertise on Top Drives, VFDs (ABB/Siemens/Toshiba), Amphion control systems, and automated pipe-handling equipment. The same systems I have supported and upgraded offshore for the past 17 years. I hold a Mechanical Engineering Technology diploma, ASET CET certification, CompEx, BOSET, ABB ACS800 Startup & Service certification, and a full suite of offshore survival and safety tickets. I am eager to bring my proven track record in major rig upgrades, safety leadership, and technical excellence to GPES. I am available at your earliest convenience for an interview and can be reached directly at +7-962-119-9585 or G37humby@gmail.com. Thank you for your consideration. Sincerely, Stephen Humby

Mechanical  
Engineering  
Technologist

## Education Summary

Course	University	Passing Year	Country
Mech Eng.	NSCC	2003	Canada

## Career Summary

Position	Employer	Country	From	To
Expert ESP Field Technologist	SLB	Canada	01/2003	01/2005
Mechanical Engineering Technologist	Dresser Flow Control	Canada	01/2005	01/2006
Mechanical Engineering Technologist	NOV	Canada	01/2006	01/2007
Chief Electronic Engineering Technologist	Gulf Drilling International	Qatar	01/2007	01/2008
Sr. Systems Eng.	KCAD	Russia	01/2008	01/2012
Maintenance Super	KCAD	Russia	01/2026	01/2017
Maintenance Eng.	SELLC	Russia	01/2017	01/2023
Project Manager	SELLC	Russia	01/2023	03/2026
