Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>Greetings, I am writing to express my interest in the Civil Engineer position at your esteemed company. I hold 6 years of solid experience in the construction field, with a strong background in both infrastructure and building projects. I have worked on major infrastructure works, including a Water Treatment Plant project, where I gained extensive experience in utilities, excavation, backfilling, and pipeline works. Additionally, I have hands-on experience in construction projects, having worked on administrative buildings, commercial malls, as well as contributing to the construction of a steel factory project. I am confident that my technical experience, site management skills, and commitment to high-quality work will make me a valuable addition to your team. I would be pleased to discuss how my background aligns with your requirements. Thank you for your time and consideration.</p>	<p>skills • Structural Design and Analysis • Proficiency in Engineering Software, such as: AutoCAD - SAP2000 -ETABS- csi columns - AutoCAD structure detailing. Native works - Google Earth - Microsoft APPS • Project Planning and Management • Preparation of Shop Drawings and As-Built Drawings • Quantity Surveying and Cost Estimation • Site Supervision and Execution • Quality Control and Assurance (QA/QC) • Health and Safety Compliance (HSE Standards</p>
