

FALCON®
MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	9696
Name	Deemah
Date of Birth	2001-12-15
Salary (in USD)	3500/Per Month
Industry	Engineering & Science
Sub Industry	Physicist
Nationality	Kuwait
Primary Language	Arabic,
Secondary Language	English,
Total Years of Experience	1

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

During my recent academic and practical exposure to the oil and gas sector, I had the opportunity to understand how real-world operations are conducted, particularly in offshore field environments. My role involved observing and analyzing field practices, understanding production workflows, and evaluating how engineering decisions are made under technical and economic constraints. I focused on interpreting production data, identifying potential operational challenges, and understanding the importance of safety, efficiency, and compliance with industry standards. I also engaged in reviewing case studies related to reservoir performance, well behavior, and risk assessment, which strengthened my analytical and problem-solving skills. In addition, I learned the importance of teamwork and communication in multidisciplinary environments, where coordination between engineers, field operators, and management is essential for successful project execution. I developed a strong awareness of how decisions impact not only production outcomes but also environmental and financial performance. Overall, this experience enhanced my ability to think critically, adapt to dynamic field conditions, and approach engineering challenges with a balanced perspective that considers technical feasibility, safety, and long-term sustainability.

Additional Skills & Certifications: • Reservoir Engineering & Production Analysis • Monte Carlo Simulation for Risk and Uncertainty Assessment • PIPESIM (Production System Modeling) • Data Analysis using Microsoft Excel (Advanced) • Well Testing & Performance Evaluation • Economic Evaluation (CAPEX, OPEX, NPV concepts) • Strong Analytical and Problem-Solving Skills • Teamwork and Communication in Multidisciplinary Environments
Certifications & Achievements: • KOC Internship Program • Best Engineering Project Award – KFAS & Ministry of Oil • Member of AAPG (American Association of Petroleum Geologists)

Education Summary

Course	University	Passing Year	Country
Bachelor of science in petroleum engineering	Kuwait university	2026	Kuwait

Career Summary

Position	Employer	Country	From	To
Intern	Koc	Kuwait	06/2025	08/2025
