**\*\*Additional Information – Roles and Responsibilities\*\***

I am working as a Mud Logger with five years of experience in the Sultanate of Oman at Oman Sea. My role involves real-time monitoring of drilling operations and handling wellsite data as both a Data Engineer and Wellsite Geologist. I collect and describe cutting samples, identify lithology, and interpret gas readings to indicate hydrocarbon presence. I am responsible for picking accurate Formation Tops and handling all offline work, including full data processing and reporting. I closely follow all activities during drilling and non-drilling operations to ensure data consistency and operational awareness. In addition, I operate and maintain mud logging equipment, ensure data quality, and prepare daily drilling and geological reports. I monitor drilling parameters to detect abnormalities and support decision-making. I also coordinate effectively with drilling crews, engineers, and geologists. I follow HSE standards strictly and maintain a safe work environment. My experience has strengthened my attention to detail, analytical thinking, and ability to perform under pressure in remote locations.

Strong experience in mud logging and real-time data monitoring. Accurate Formation Tops picking and formation evaluation. Full offline work handling, including data processing and reporting. Gas analysis and interpretation (Total Gas & Chromatograph). Lithology description and cutting sample analysis. Good understanding of drilling parameters and wellsite operations. Ability to detect abnormalities and support decision-making. Effective communication and teamwork skills. Strong attention to detail and problem-solving ability. Ability to work under pressure in remote locations. Good knowledge of HSE standards and safety procedures. Proficient in data logging systems and reporting tools.

## Education Summary

Course	University	Passing Year	Country
Geology	Al Azhar university	2021	Egypt

## Career Summary

Position	Employer	Country	From	To
mud logger	Pertoservice	Egypt	03/2022	07/2023
S.Mud logger	Oman sea Petroservice	Oman	07/2023	12/2024
WSG/S.Data	Oman sea Petroservice	Oman	12/2024	04/2026
