Candidate id	9776
Name	Vitalii Korchagin
Date of Birth	1988-04-28
Salary (in USD)	4800/Per Month
Industry	Drilling / Rig
Sub Industry	Rig Electrician
Nationality	Russia
Primary Language	English,
Secondary Language	Arabic,
Total Years of Experience	15

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Managing the entire drilling cycle of oil and gas wells at the drilling site, including managing the entire team of contractors. Drilling supervisor with over 15 years experience in the oil and gas industry, including exploration and production drilling projects: drilling and completion of vertical, directional (S, J), managed pressure drilling (MPD), extended reach drilling (ERD), and horizontal wells from land rigs, with depths (MD) from 2000 to 6000 m. Experience in HPHT wells (120°C and 12,000 psi) and drilling rigs with lifting capacities from 150 to 500 tons, both manual and joystick. Ability to work in difficult geological conditions, such as abnormally high pressure, complete loss of returns, and gas, oil, and water inflow. After learning about the Drilling Supervisor position, I was very excited to let you know of my interest. I have over 15 years of experience in the oil and gas industry and have the necessary skills and experience you need for this position. As a Drilling Specialist, I have comprehensive skills in coordinating operations and leading a team, making me an ideal candidate for the position of Drilling Supervisor. Your Company has done an excellent job methodically solving important oil and gas drilling problems. I am now honored to have the opportunity to claim this role. My expertise lies in my ability to design and supervise the drilling of new wells. Some of my significant contributions can be summarized as follows: • Increased ROP by 30% by coordinating drilling tests with PDC bits while drilling. • Reduced stage time by 22% due to improved methods of running the liner into the well. • Reduced phase time by 15% by developing and evaluating new methods to save time and costs associated with drilling programs.

I can handle any task in the drilling industry
