## Additional Skills :

Brief description: Petroleum Engineer graduated with honors by with experience in:

- Well Services - Wireline Field Engineer (Schlumberger);
- Onshore Drilling Supervisor (Lotus Petrol);
- Quality Control Engineer (Tenaris);

at the moment tasting the offshore drilling field experience (Cyber Assistant Driller- GSP) started from the very bottom of the drilling stream as a hands-on roustabout a year ago keen to acquire as much information as possible and understand all the principles and procedures in order to become a complete Drilling Supervisor.

## Additional Information :

### PERSONAL INFORMATION~~~~~

Brief description: Petroleum Engineer graduated with honors by with experience in:

- Well Services - Wireline Field Engineer (Schlumberger);
- Onshore Drilling Supervisor (Lotus Petrol);
- Quality Control Engineer (Tenaris);

at the moment tasting the offshore drilling field experience (Cyber Assistant Driller- GSP) started from the very bottom of the drilling stream as a hands-on roustabout a year ago keen to acquire as much information as possible and understand all the principles and procedures in order to become a complete Drilling Supervisor.

Date of birth: 01/16/1995

Gender: Male

Marital Status: Single

Objective: Getting to work in a high reputation petroleum company where I can develop and get use of my skills and also prove my worth, on a position close related to the technical background that I have, for example as a junior drilling engineer, driller, assistant driller, toolpusher, drilling supervisor or any other position related to drilling department of the oil and gas industry.

### WORK EXPERIENCE~~~~~

Dates: May 8th 2019 – Onwards

Occupation or position held: Cyber Assistant Driller

Name and address of employer: Reputed Company

Main activities and responsibilities: hours shifts involving:

- operating the mud pumps, the nov Iron Roughneck via Sense (x-com) cyberchair;
- monitoring drilling parameters (ROP, WOB, torque, RPM, pressure, flow);
- manage and monitor pit levels;
- calculate and verify the trip sheets while monitoring the trip tank;
- responsible for organizing roughnecks and derrick men for daily operations as tripping, drilling, rigging up BHA or any special operations as cementing, casing running, etc.;
- responsible for nipple up/ nipple down the BOP stack, as per instructions;
- daily checking the CUMI unit pressures;
- manage the centrifuge vacuum pumps, the shale shakers and the mud degasers (vacuumatic and poorboy)
- line up the stand pipe manifold and the choke manifold as per required shut in procedure (hard or soft).

Dates: March 8th 2019 – May 8th

Occupation or position held: Roughneck

Name and address of employer: GSP OFFSHORE

Main activities and responsibilities: 12 hours shifts involving:

- Connecting and disconnecting of drill string (while tripping in hole/pulling out of hole using hydraulic powered tongs and hoisting devices) drill bits, drill collars, drilling tools and racking back drill pipe into slots located on the board in the derrick and setting test pumps down hole in a timely manner safely and efficiently for contractors and customers.
- Loading and unloading drill pipe on to and from pipe racks and staged areas containing tools, drill bits, drill collars, elevators, etc.
- Keep daily logs of mud weight and viscosity levels for driller.
- Responsible for Rigging up and rigging down anytime the rig has completed and serviced the well
- Monitoring the shale shakers and helping with replacing spare parts, changing the lines (shale shakers, trip tank, vacuum degasser, sand traps, bleed off, etc.)

- cleaning and maintaining the rig floor and the drilling rig equipment
- repairing and replacing the drilling pumps equipment.

Dates: February 12th 2019 – March 8th 2019

Occupation or position held: ROUSTABOUT

Name and address of employer: GSP OFFSHORE

Main activities and responsibilities: hour shifts involving:

- lean, scrape and paint the deck, equipment and work areas
- Offload supplies from boats and move them to storage areas
- Move supplies and equipment to the work site
- Use lifting gear and winches to load and stack equipment
- Help to repair pumping equipment
- Mix the &#246;drilling mud&#246; to lubricate the drill bit

Dates:September 2nd 2018 – February 13th 2019

Occupation or position held: Wireline Field Engineer (Petroleum Engineer)

Name and address of employer: SCHLUMBERGER

Main activities and responsibilities: As a wireline engineer, the main activities done are log-ging, perforating and sample collecting.

As a wireline team leader I am responsible to organize and prepare the wireline operation, to calibrate and check for valid certifications and condition of the equipment and at the well site not just to make sure that the quality of the recorded data is in perfect quality condition and according to the client's requests and specifications, but also to organize the activity that nothing unsafe could occur and assign the tasks to the team members to make sure that the process's efficiency is at its maximum.

Working in different environments and locations every job, I am directly responsible for the quality of the service delivered at the wellsite, in terms of safety, quality and efficiency of operation up to the SLB standard and also for communication between SLB and client.

Working with radiation, explosives and other potentially hazardous equipment like pressure, suspended weights or high tension cable and taking the responsibility for, involves knowledge, calm, seriousness and being able to organize the activity and take care of every single detail as for the job to be completed safe and with best quality results.

Dates: July 10th 2017 – September 15th 2017

Occupation or position held: Quality Control Engineer (Summer Internship)

Name and address of employer: TENARIS SILCOTUB, Zalau, Romania

Main activities and responsibilities: Sample machining and testing optimization; Making operation time prediction programs, database, optimization of sample machining and testing processes, establishing the capacity of testing devices and elaborating suggestions.

\*By the end of the internship program (due to the project presentation session) my project was awarded 1st place from over internship projects.

Dates: July 4th 2016 – July 31th 2016

Occupation or position held: Drilling Supervisor Trainee (Summer Internship)

Name and address of employer: LOTUSPetrol, Maxim Gorki street, no. , 1st floor , 1st flat, Bucharest, Romania

Main activities and responsibilities: Learning about drilling process and equipment. Helping the drilling supervisor with daily reports, research, math, fuel stock situation and every assigned task.

## EDUCATION AND TRAINING~~~~~

Dates: October 01st 2019

Title of qualification awarded: Petroleum Engineering - Well Drilling Masters

Principal subjects / occupational skills covered: Drilling

Name and type of organization providing education and training: Oil and Gas University of Ploiesti

Dates: March 29th 2019

Title of qualification awarded: IWCF Certificate Level (supervisor)

Principal subjects / occupational skills covered: International Well Control and Equipment Training

Name and type of organization providing education and training: GSP TRAINING LTD

Dates: February 14th 2019

Title of qualification awarded: IADC RIGPASS Certificate

Principal subjects / occupational skills covered: Compressed Air Emergency Breathing System (CA-EBS) Initial Deployment Training

Name and type of organization providing education and training: GSP TRAININD LTD

Dates: February 13th 2019

Title of qualification awarded: HS AWARENESS Certificate

Principal subjects / occupational skills covered: HS awareness including breathing apparatus

Name and type of organization providing education and training: GSP TRAININD LTD

Dates: January 16th 2019

Title of qualification awarded: CA-EBS Certificate

Principal subjects / occupational skills covered: Compressed Air Emergency Breathing System (CA-EBS) Initial Deployment Training

Name and type of organization providing education and training: Regional Air Services – Sea Survival School (OPITO certified)

Dates: January 14th 2019 - January 16th 2019

Title of qualification awarded: BOSIET Certificate

Principal subjects / occupational skills covered: Basic Offshore Safety Induction and Emergency Training:

- Safety Induction
- Helicopter Safety and Escape (HUET with EBS)
- Sea Survival (including First Aid)
- Firefighting and Self Rescue

Name and type of organization providing education and training: Regional Air Services – Sea Survival School (OPITO certified)

Dates: October 29th 2018 – November 03rd 2018

Title of qualification awarded: WL Perforation Certificate

Principal subjects / occupational skills covered: Wireline Perforation and Explosives Training

Name and type of organization providing education and training: SCHLUMBERGER – Middle East & Asia Learning Centre

Dates: September 10th 2018 – November 03rd 2018

Title of qualification awarded: WL ES FE Core Certificate

Principal subjects / occupational skills covered: Wireline Exploration Services Field Engineer Core Training

Name and type of organization providing education and training: SCHLUMBERGER – Middle East & Asia Learning Centre

Dates: October 22th 2018 – October 26th 2018

Title of qualification awarded: WL Well Integrity Module

Principal subjects / occupational skills covered: Wireline Well Integrity Training

Name and type of organization providing education and training: SCHLUMBERGER – Middle East & Asia Learning Centre

Dates: September 11th 2018 – September 13th 2018

Title of qualification awarded: kpsi WHE Pressure Control Certificate

Principal subjects / occupational skills covered: psi Well Head Equipment Pressure Control Course

Name and type of organization providing education and training: SCHLUMBERGER – Middle East & Asia Learning Centre

Dates: October 1st 2014 – July 7th 2018

Title of qualification awarded: Engineer

Principal subjects / occupational skills covered: Petroleum & Gas Engineering

Name and type of organization providing education and training: University of Petroleum - Gas Ploiesti, Faculty of Petroleum and Gas Engineering- Romania

Achieved result: an a points scale

Dates: March 7th 2018

Principal subjects / occupational skills covered: Great teamwork, good resource allocation, negotiation skills and collaboration

Name and type of organization providing education and training: SOLVER Training & Consulting

Dates: November 15th 2015

Principal subjects / occupational skills covered: Leadership Training

Name and type of organization providing education and training: Romanian Students' Union & UPG Students' League

Dates: November 14th 2015

Principal subjects / occupational skills covered: Team Building Training

Name and type of organization providing education and training: Romanian Students' Union & UPG Students' League

## PERSONAL SKILLS AND COMPETENCES~~~~~

Mother tongue(s): Romanian

Other language(s)

Understanding Speaking Writing

Listening Reading Spoken interaction Spoken production

English C Proficient user C Proficient user C Proficient user C Proficient user C Proficient user

French B Independent user B Independent user B Independent user A Basic User A Basic User

Social skills and competences: I'm a sociable, energetic, reliable, conscientious, responsible, steady, wise and very creative person. I have an open mind, high targets, I love to work in teams and I'm always willing to learn more. I am skilled in arts (singing, acting, modeling), so I love working with people and for people. Among core values I strongly believe in are determination and result-oriented attitude, for these standing my medium score of 9.2; 9.0 ; 9.0 and 9.75 (on a 10 scale) for the 4 years of course and also the prizes and achievements I was able to obtain (related to the jobs I had until now both in Schlumberger, Tenaris or Lotus Petrol).

\*For the final year of study I was awarded the Roberto Rocca scholarship.

Computer skills and competences:

Advanced – Schlumberger softwares:

Maxwell; FTL; iDistrict; Parsable; Tool Planner.

Advanced - level knowledge of the Office Package ;

Medium knowledge in AutoCAD: faculty project “Designing a speed reducer for drilling and production equipment” ;

Basic programming skills in C/C++ and HTML ;

Basic knowledge in AFT Impulse: faculty project “Designing o
